1. AIMS AND TASKS

Following the agreed PR concept (March 2002), which was elaborated after the REGALP Kick Off Meeting, dissemination of REGALP results is based on the following aims:

1.1 Aims of WP8

After the Kick Off Meeting RC elaborated WP 8 in detail. The aims of WP8 are:

- disseminating results to target groups
- preparing implementation of results
- exchange of experience
- establishing networks.

1.2 Tasks and deliverables of WP8, overview

To achieve these aims, different tasks have to be carried out. The table below shows tasks and deliverables:

T8.9 Producing articles for journals	Articles	M12 – M36
T8.10 Producing manuscript for book	Manuscript	M36 = Aug 04

1.3 The roles of REGALP partners

As indicated in the Technical Annex, dissemination of results is under the general responsibility of the Project Coordinator. On the other hand, all partners have to contribute to reach the aims of this work package. For the different task, the role of the partners (translation of products, dissemination in their home countries etc.) has to be fixed in detail.

2. TARGET GROUPS

2.1 Target groups

Efficient dissemination of results requires defined target groups and products. In the Technical Annex we mentioned following target groups and dissemination products (Tech. Annex, p. 30):

3. DESCRIPTION OF TABLES

3.1 State of products

RC prepared tables including the output produced so far as well as the products planned but not yet realised. There are three stages of realisation to be distinguished:

- **bold = product is published**
- standard = product is fixed, but not yet published
- *cursive = product is planned, but not yet fixed.*

3.2 Summarised target groups

The above target groups are summarised into 3 main groups:

- the scientific community (S): the academic world with their reviewed journals
- the professional experts (E): experts working in administration, public or private institutes, consultants, regional managers, NGO representatives, in general those who are familiar with our topics
- the general public (P): those who are not so familiar the specific REGALP expert knowledge but interested in our topics: inhabitants of the Alps, tourists, people who get to know something about REGALP via the daily newspaper, radio or TV.

3.3 Product categories

I distinguished following product categories:

- report
- wp report (including annexes)
- workshop memo
- article
- thesis
- folder
- presentation (at workshop or conference)
- posters, exposition
- radio, TV programme
- others.
